

**Model BPH-BPE-10774 (LH)
BPH-BPE-10775 (RH)**

US Patent # 6283848 B1

Automatically fed, hydraulically powered and designed to remove the paws of all size birds lots, The Berry **Hydraulic Paw Harvester** from Berry Plumbing & Equipment will handle any line speed and provide a significant increase in yield.

BRUSH MOTOR:	15 GPM
BLADE MOTOR	5.5 GPM
CAPACITY:	DETERMINED BY LINE SPEED
POSITION IN LINE:	LAST ON KILL LINE
FACING:	DETERMINED FACING BACK OF BIRD
HEIGHT:	APPROXIMATELY 63"
WIDTH:	APPROXIMATELY 88.89"
LENGTH:	APPROXIMATELY 47.03"
PRESSURE:	950 PSI
AIR:	3/8 PUSH ON @ 80 PSI, AIR CONSUMPTION = 5 CFM (ONLY IF USING A REJECT CHUTE)

Construction:

The Berry Plumbing & Equipment **Hydraulic Paw Harvester** is constructed entirely of stainless steel and UHMW for durability and easy cleanup.

Operation:

The Hydraulic Paw Harvester matches the speed of your Overhead Conveyor. Installed at the end of the Kill Line, the **Paw Harvester** features brushes that gently clean the foot while perfectly positioning it in the shackle for a consistently straight cut at whatever length you require. The **Hydraulic Paw Harvester** blade then cleanly cuts and separates the paw from the knuckle, allowing for easy processing of any size paws.

Yield:

The Berry **Hydraulic Paw Harvester** demonstrated a *significant increase* in yield when compared in tests to our competitors.

Maintenance:

With proper operation, regular cleaning and lubrication of bearings, the only other maintenance the **Hydraulic Paw Harvester** requires is an occasional sharpening of the Paw Harvester blade.

Options:

Berry Plumbing & Equipment offers a **Hydraulic Power Unit** for operation of the **Hydraulic Paw Harvester** and is also available for the option of whole paw harvesting.

The specifications as stated herein are the most current at the time of publication. However, consistent with our standard of continual product development, we reserve the right to change the design without notice or obligation to modify any equipment previously sold or delivered. 01/28/2025
